

CONVENTION OF
REPUBLICANS ON

Thirteenth Session of the
G. O. P. League Club
Held in Chicago.

WELL ATTENDED

Address of Welcome Made
by President Hamilton,
of the League.

ARE NATIONAL ISSUES

(Special To The Gazette.)
Chicago, Oct. 2.—The thirteenth annual convention of the republican club leagues of the United States is in session in this city today with a fairly large attendance. Delegates are here from every state in the union and questions of national importance are up.

Organization Reviewed
After the addresses of welcome President Hamilton delivered his annual address of welcome to the convention in which he reviewed the aims and work of the organization.

Work is Increasing
In numbers the order has grown steadily and President Hamilton complimented them upon the influence they have upon the general prosperity of the country at large.

GOES TO JAIL FOR
INCITING BOYCOTT

John Roche, Member of Parliament
from Ireland, Must Serve
Six Months.

(Special To The Gazette.)
London, Oct. 2.—John Roche, a nationalist member of the house of commons has been sentenced to six months at Galway on the charge of inciting a boycott of land owners by the peasants.

VICIOUS BOY FIRES
SCHOOL BUILDING

Lad is Averse to Study, So He Seeks
to Destroy the Structure
of Learning.

Marion, Ind., Oct. 2.—James Merriman, 15 years of age, set a public school building on fire because he did not wish to attend school. The building contained over 400 pupils, but the fire drill practiced by the children prevented a panic and they escaped without injury. The fire was in a cloakroom, the contents of which were destroyed. The teachers extinguished the flames before they could spread to other parts of the building, but Miss World, one of the teachers, was painfully burned. Superintendent Adams captured the boy, who acknowledged having fired the building. Merriman was allowed to go home. When an officer went there to arrest him the boy had left the town.

BATTLESHIP BIDS ARE OPENED

Newport News Company Submits the
Lowest Offer.

Washington, Oct. 2.—Bids for the construction of the battleship Louisiana were opened at the navy department. In the absence of Secretary Moody, Judge-Advocate General Lemly opened the various proposals. A number of representatives of the shipbuilding companies of the country were present. The lowest bid was that of the Newport News Shipbuilding and Dry-Dock company of Newport News, Va., which offered to build the battleship within forty months from date of contract for \$3,990,000.

DRUNKARDS NOW GO TO ASYLUM

New Iowa Law Carries Consternation
to Inebriates.

Webster City, Iowa, Oct. 2.—Edward E. McNeel was sentenced under Iowa's new inebriate law to one year in the inebriate ward of the Mount Pleasant State Insane asylum. This is the first conviction in this section of Iowa. The conviction has spread fear among drunkards, who dread the insane asylum more than any other form of punishment or attempt at reformation. The temperance element will now wage a relentless warfare against drink.

World's Largest Painting.

The largest painting in the world, exclusive of panoramas and cycloramas, is in the grand salon of the Doge's palace at Venice. The painting is eighty-four feet wide by thirty-four feet high.

Protest Against Favoritism.

There is trouble in Rome over Father Perosi's conducting his oratorio "Moses" in a theater. A few years ago the church regulation forbidding priests to enter a theater was revived and the priests were displeased. Now they protest that if the regulation is suspended it should be for all.

SIAM'S PRINCE TO
BE ENTERTAINED

Will Spend November 7 and 8 the
Guest of the City of
Chicago.

Washington, D. C., October 2.—(Special.)—Chowfa Maha Vajiravudh, the crown prince of Siam, will, according to the itinerary arranged by the state department spend Nov. 7 and 8 in Chicago. The prince is expected in New York, October 10, and Secretary Hay will entertain him at dinner in this city on Saturday, Oct. 11. All of the cabinet members in the city and a number of diplomats will be invited to dine with the prince.

Dines At Arlington

On Sunday the distinguished visitor will dine with the Siamese minister, Phya Akharaj Varadhara, at the Arlington hotel, where the prince and his suite will stay. Monday is to be placed at the disposal of the president, but whether the crown prince will be presented to the president or not will depend upon the president's health.

To San Francisco

He will visit Niagara, Buffalo, and Syracuse and return to New York on Oct. 22. The rest of the itinerary is St. Louis, Nov. 9; Kansas City, Nov. 10; Colorado Springs, Nov. 12, after which date and up to November 17 the prince and his suite will travel through Colorado viewing the scenery, reaching San Francisco Nov. 27.

STATE NOTES

Burglars secured \$200 from the post-office at Elmwood.

Fair weather made the floral parade day the feature of the Eau Claire carnival.

Frank Bass, aged sixteen years, had one of his fingers badly crushed in a sawmill at Baraboo.

Madison may have a single union railway station to take the place of the four others now in use.

Joseph Meyer of Milwaukee, aged seventy years, was struck by a street car and badly crushed.

Typhoid fever has become more prevalent in Oshkosh and a number of new cases have been reported.

Thirty-nine rural mail delivery routes in the vicinity of Appleton will go into effect in the next two weeks.

Mrs. Caroline Grietz of Milwaukee was stabbed twice while trying to stop a fight between two of her boarders.

Ignatz Blizelski, a Polish farmer of Deyew, was thrown from his wagon in a runaway at Stevens Point and killed.

Burglars broke into the store of Stockman Brothers at Woodville and stole some cash and about \$275 worth of checks.

A reunion of the Fourth Wisconsin battery which was reorganized in Beloit in 1861 held a reunion in that city Wednesday.

Action will be taken by the state sanitary board to live stock board to prevent the spreading of glanders among horses.

Two school children at Bruce were seriously injured by a runaway team of driving horses which dashed among a crowd at play.

An unknown Milwaukee man, said to be "Reddy, the paper hanger," while asleep on the dock, fell into the river and was drowned.

Anton Sorenson of Green Bay was caught by the collar of his jacket on the shafting in the Diamond Match company's mill and was strangled to death.

An appeal to the governor will probably be made in the habeas corpus proceeding commenced at Oshkosh by W. F. Ruckman for the release of John Brewer.

Members of the Ladies of the Macabees from surrounding towns are in attendance at the celebration of the tenth anniversary of the founding of the live at Sparta.

By a double truss and a shirt button the body of a man found at Augusta was identified, and the jury gave their opinion that the man had been robbed and murdered.

Rev. O. L. Droys of Appleton against whom heresy charges were recently made, was transferred to Bay City, Michigan, although the charges were not supported by the conference.

Wisconsin Winnebago Indians, living near Fond du Lac, have been swindled by selling land owned by them in Nebraska for \$15 and \$20, when its real value is from \$60 to \$75.

Light has been thrown on the disappearance of Ida Frenz of LaCrosse by the filing of a marriage license. It is thought that the man is an Indian and attempts will be made to overtake the couple.

Peoria Meat Handlers Strike.

Peoria, Ill., Oct. 2.—The butchers, meat handlers and drivers employed by the Peoria Packing and Provision Company, numbering fifty men, went on strike because the company discharged a union engineer and employed two nonunion men to take his place.

Defy Game Laws.

St. Joseph, Mich., Oct. 2.—Defying Attorney General Oren's orders not to hunt quail, hundreds of hunters are in the field around this city. The state is represented by many deputy game wardens. Many arrests will follow and trouble is expected.

Mrs. Roosevelt to Give Reception.

Washington, Oct. 2.—Mrs. Roosevelt will give a card reception on Thursday, Oct. 9, to the delegates of the seven organizations of patriotic women which will convene here simultaneously with the G. A. R.

Julia Kachinsky, aged ten years, was found strangled to death and buried under a blacksmith shop at Menominee, Michigan.

MINER MURDERED IN COLD BLOOD
AND TROOPS STONED AND SHOT

Revolted Murder Committed at Scranton, Presumably by Strikers, Who Also Stone the Guards, and Later Exchange Shots—
Rioters Are in Order.

(Special By Scripps-McIntae.)

Scranton, Pa., Oct. 2.—John Mullen, a non-union miner, was killed and horribly mangled last night in a fracas he had with some men supposedly strikers. Not only were the murderers not satisfied with clubbing the victim with heavy hickory clubs but after mutilating his body they threw it under the wheels of a passing trolley and the corpse was so horribly mangled and cut that it was hardly recognizable.

A Brutal Crime

The crime was especially revolting owing to the final use they placed the body to and indignities they heaped upon it after Mullen was dead. The perpetrators of the crime have not been apprehended but the police have several clues that they say will lead to the arrest of the murderers. Mullen was returning home from work when he was set upon and was evidently struck from behind first and then while insensible clubbed to death and his body thrown under the wheels of the trolley where it was ground into a pulp. Thus far no tangible clues have been found but the general belief is that it is the work of some strikers.

Clash With Soldiers

There was also a clash between the soldiers stationed in the city as a guard and a mob of strikers at the Ontario and Western depot before daybreak.

The strikers crept up under the cover of the darkness and poured in a volley of bricks and stones severely bruising many of the soldiers who were not expecting anything of the kind and also fatally injuring one man.

Soldiers Start Firing

Although the morning was dark the soldiers quickly discovered their assailants fleeing across the fields and opened fire on them shooting two volleys, but it is not believed that any of the mob were hit.

More Trouble

At another portion of the city this morning the soldiers were called upon to quell a riot and were again stoned and several shots were fired at them by the mob. They charged the crowd and put them to flight capturing one man who is now locked up in the city jail.

STRANGE DEATH
OF TWO CHILDREN

One Is Killed by an Electric Current and the Other Dies by Contact.

New York, October 2.—(Special.)—Within sight of his father and 2,000 persons, Richard Houser and his 9-year-old companion, Freddie Popolo, of Woodhaven, L. I., were killed by an electric current. Popolo had climbed to the top of the iron pole to recover his hat, which had caught on the wire and was slowly being burned. As he reached out for the cap his hand came in contact with the wire. The shock passed through his body killing him instantly and forming a circuit between the pole and the wire.

Both Killed

Young Houser, believing that his comrade was only stunned, climbed up the pole to release him and carry him to the ground. When he reached the top he placed his arm about the body holding fast to the pole with the other hand. The current from the body passed through him, forming a second circuit with the pole. The bodies were badly burned before the current could be shut off.

GRADUATES SENT TO SOUTH AFRICA

Three Students from Tuskegee Colored School Go to the German Possessions.

(Special To The Gazette.)
New York, Oct. 2.—Booker T. Washington is making arrangements for the transportation of the Tuskegee colored school to go to the German possessions in South Africa to teach the natives.

CLAIM MINE WAS WELL "SALTED"

Venture Corporation to Sue Stratton's Heirs for \$8,000,000 Purchase Price of Mine.

(Special To The Gazette.)
London, Oct. 2.—The Venture Corporation, promoters of the Independence mine in Colorado, are making ready to sue the Stratton estate for \$8,000,000, the purchase price of the mine they claim was "salted."

Admiral Jouett is Dead.

Washington, Oct. 2.—Rear-Admiral James E. Jouett, U. S. N., retired, died at his home, the Anchorage, Silver Spring, Md. He was 74 years of age. He was born in Kentucky and was appointed to the navy from that state.

Big Fleet for Gibraltar.

London, Oct. 2.—The government has resolved to lay moorings for no fewer than thirty warships at Gibraltar. The vessels will be taken from the Mediterranean and channel squadrons to be held in reserve.

Coal at \$100 Per Ton.

Providence, R. I., Oct. 2.—A record price for anthracite coal was set in this city when a prominent manufacturer purchased four tons at \$100 per ton.

Salisbury Goes to Beaulieu.

Lucerne, Switzerland, Oct. 2.—Lord Salisbury started from here for his villa at Beaulieu, near Nice.

Artificial Birds' Nests.

Artificial birds' nests are about to be placed on the fir trees of Belgium with a view to favoring both the multiplication of insectivorous birds and the destruction of the numerous insects which do so much damage to the trees.

ANOTHER WOMAN
FOUND MURDERED

This Time a Young Danish Girl of
New York, is the Victim.

New York, October 2.—(Special.)—The body of Jennie Larsen, a Danish woman, 20 years old, was found in the apartment of Louis Appleord, on the third floor of a tenement in Harlem yesterday. She had been dead for days, according to a medical expert; the body was mutilated and much decomposed, and gas filled the room where it was found. Despite the gas and stench, which first revealed the tragedy, Appleord, in a dazed condition, was in the room when it was entered by the police.

Dead Several Days

Dr. Donovan, who examined the body, found that the abdomen had been gashed in several places. He said that he believed that the woman had been dead five or six days, and it was his belief that she had been the victim of a criminal operation.

Arrested Appleord

Appleord was arrested as a suspicious person and taken to the station. It was learned from his incoherent talk that the young woman was his niece. He had asked her to come from Denmark ten days ago, he said, to be his housekeeper. Appleord when questioned by the police would say little except that he had turned on the gas in the room for the purpose of committing suicide. The police do not accuse Appleord of murdering the young woman, but think that he knows more about the case than he is willing to tell.

SPARKS FROM THE WIRES

All evidence has been taken in the Chicago trial of Luke Wheeler.

A law creating realty corporations was favored by the Chicago real estate board.

Postmaster General Payne advised employees to avoid unnecessary activity in politics.

Experts under the Cook county, Illinois board, will examine the books of the county treasurer.

Chancellor E. Benjamin Andrews declined the advance in salary offered by the regents of the university of Nebraska.

Senator Hanna, in a Cleveland interview, declared that Tom L. Johnson favored high taxes for street railways, only after selling his own road.

Isaac R. Warn of Chicago, the alleged proprietor of the Hart Publishing company and a matrimonial agent, escaped the police by sliding down a rope.

John W. Gates won a decisive victory in the Colorado Fuel case, the Denver judge appointing a master in chancery to hold the election of directors.

Large crowds attended the unveiling of the monument to Nancy Hanks Lincoln at Lincoln City, Indiana. General Black delivered the principal address.

James Sinclair of the Great Lakes Towing company asserted that the Dearborn street bridge Chicago was a death trap and that immediate repairs were needed.

Relatives of E. C. Wilson, one of Chicago's pioneer business men, caused inquiry before Judge Carter as to his sanity. Great secrecy was observed and the hearing was resumed today.

W. N. Cromwell, the general counsel of the Panama canal company, returned from Paris and announced that the company's title had been pronounced good by Waldeck-Rousseau and others.

Railroads in Illinois were added by the state manufacturers' association which petitioned the state board not to charge the present state classification as demanded by the shippers' committee.

Secretary Shaw's plan to release the reserves held against the government deposits has not yet been sanctioned by the comptroller, who questions the legality of such a course.

John Pierce of Chicago, who built the exterior of the Chicago postoffice was refused the interior contract because of his delay. He must make an explanation of the latter in writing.

Governor Yates, in a speech at a Southern Illinois soldiers and sailors reunion, at Cardonville, declared that he would pardon any soldier who killed in defending the Eldorado negroes from the mob.

The Cunard steamship subsidy by the British government was considered expensive; the contract did not prevent pooling with Morgan trusts; the Canadian proposal for fast service will probably be accepted.

President Castro of Venezuela has reached Villa de Cura with 6,000 troops to attack Mendoza, the rebel commander, but the latter was not there. Residents of Barquisimeto have been in want of food.

By the coroner's verdict on the death of Mrs. Laura H. Moore of Chicago, the Presbyterian hospital management was censured for employing an unregistered pharmacist and allowing a nurse to mix drugs.

Case Was Not Hopeless.

During the recent coronation bustle in London, two of society's pet dames got quarreling. One of those handy Chauncey Dewey peacemakers having heard of it, asked, "Did they call each other ugly?" "No," "Well, well, I shall soon reconcile them."

John W. Mackay Was an Expert.

The late John W. Mackay was one of the best expert gold and silver prospectors in the United States. In the early days on the coast he was quite famous for his ability along this line and, while unable to find "paying leads" for himself, made a living by giving expert opinions upon other people's "claims."

SENSATION IN
BRIBERY CASE

Former St. Louis Councilman Gives Very Damaging Evidence.

VOTE WAS BOUGHT

By Robert Snyder, the Defendant, Who Failed to Settle.

BRIBED THE COUNCIL

(Special By Scripps-McIntae.)

St. Louis, Oct. 2.—Ex-Councilman Frederick Uthoff gave most sensational testimony today in the trial of Robert Snyder, the millionaire promoter, accused of paying a quarter of a million for the passage by the council of the famous traction bill.

The Testimony

Uthoff swore that Snyder offered him fifty thousand for his vote and left with him a bundle said to contain money. This Uthoff returned and asked for \$100,000 which he agreed to pay him.

Got Five Thousand

It appears that Snyder failed to keep his agreement and only gave Uthoff \$5,000 on his signing a paper that Snyder had not bribed any of the city council.

SHIP COMBINE IS NOW ASSURED

Articles Filed with Capital Stock of \$120,000,000 and Five Lines of Boats.

(Special To The Gazette.)
New York, Oct. 2.—The new ship combine under the name of the Mercantile Marine company has been incorporated under the laws of New Jersey with a capital stock of \$120,000,000. The combine includes five lines.

FINDS AMES GUILTY OF ACCEPTING BRIBES

Former Superintendent of Minneapolis Police Force Liable to Suffer Imprisonment.

Minneapolis, Minn., Oct. 2.—The jury in the case of the state against ex-Superintendent of Police Fred W. Ames for accepting bribes, returned a verdict of guilty. "This looks bad," said Ames after the verdict, "but I am not beaten yet. It seems to me that the determination with which I have been pursued suggests prosecution rather than prosecution. My lawyers will explain what the next move will be in my case." The attorney for the defendant made a motion for a new trial. This motion was neither granted nor denied. The defendant under the law can be sentenced to imprisonment not to exceed ten years, to a fine not to exceed \$1,000, or both.

GRAIN DEALERS' CONVENTION

National Association Has Doubled Its Membership in Past Year.

Peoria, Ill., Oct. 2.—The three days' session of the seventh annual convention of the Grain Dealers' National association opened in Coliseum in this city with a large attendance, representing the entire grain-growing area of the United States. The display of grain and seeds is the finest and largest ever brought together. The distilleries, glucose and starch works of Peoria, which are the largest consumers of corn in the world, are the main objects of interest outside the convention hall. Elaborate social arrangements have been made. The report of G. A. Stebbins, Chicago, secretary of the association, shows that its membership has doubled during the last year. It has established a system of arbitration for the adjustment of trade difficulties.

STATE BOARD OF AGRICULTURE

James K. Dickerson is Elected President by Illinois Body.

Springfield, Ill., Oct. 2.—James K. Dickerson of Lawrenceville has been elected president of the state board of agriculture for two years, succeeding Martin J. Conrad of Chicago, whose term had expired. The annual meeting of the board will not be held until January, when W. C. Garrard will be re-elected secretary. Martin Conrad, retiring president, was elected to represent the First district in addition to his membership for two years on the board. G. M. Simmons was defeated for re-election by C. A. Auten of Jerseyville.

Splendid Table Service.

Not even the white house can display such a splendor of tableware as the British embassy in Washington. The silver service provided for the ambassador's use is in itself worth \$10,000. It contains 1,000 pounds weight of silver and the regal arms of England are worked upon it with exquisite skill, with flowers, birds and vines surrounding them.

ASTER WEDDING A SOCIETY EVENT

MISS JESSIE SCOFIELD IS THE
HAPPY BRIDE

OF DR. E. N. NASH OF OAK PARK

Marriage Took Place This Afternoon
with Many Guests as the
Witnesses.

One of the most brilliant society weddings of the autumn season occurred at the home of Mrs. Sarah Scofield, 302 Milton avenue, this afternoon at one o'clock, when in the presence of a large company of about one hundred twenty-five relatives and intimate friends, Miss Jessie Ethna Scofield, daughter of the hostess, became the wife of Dr. Edwin Nelson Nash, of Oak Park, Ill.

An Aster Wedding
It was distinctively an aster wedding, the wealth of great double white blossoms being the only flowers in the handsome decorations which beautified the parlors. Great bunches of them nodded from every nook and corner combining effectively with the green foliage of palms and ferns and gracefully trailing smilax.

In Green and White
In the front parlor the bay window, in front of which the ceremony was performed, was completely filled with potted palms and ferns, the plants being banded so that the leaves of an immense palm reached the ceiling, the sunlight from the window filtering through the foliage with very pretty effect. Smilax was looped in the doorways and in the dining rooms festoons of white ribbon, entwined with smilax were a pretty decorative feature.

The Wedding Procession
At the appointed hour the exquisite melody of the wedding march from Lohengrin, played beautifully by the Orpheus Mandolin orchestra, floated through the parlors and to its music the bridal party approached the altar. First came two of the young girl ushers bearing ends of long white satin ribbons which formed the aisle through which the bridal party walked. The little ring bearer, Miss Dorothy Hield, of Oak Park, cousin of the groom, was followed by Miss Anna K. Weber, of Monroe, the maid of honor, and following her came the bride.

A Pretty Ceremony
The groom, attended by his cousin, Eugene Hield, of Oak Park, and the officiating clergyman, Rev. J. T. Henderson, pastor of the Presbyterian church, approached from the opposite direction and as they met the other two ribbon girls advanced and stood in a semi-circle behind the bride, who faced the bank of green. During the entire ceremony the ring service being the one used, the mandolin orchestra played "Angels' Dream" very softly.

The Bride's Gown
The bride party made a very handsome picture, beautiful gowns enhancing the beauty of the bride and her attendants. The bride was most becomingly attired in a rich gown of white crepe de chine over white tulle. The gown was trimmed with Irish crochet lace and silk applique medallions which were the handwork of her sister. She carried a large bouquet of bride's roses.

Other Costumes
Miss Weber, who is a member of the same university sorority as the bride, was handsomely gowned in white Lanesdowne, with trimmings of applique lace, her flowers being pink roses. Little Miss Dorothy Hield, the ring bearer, wore a white lace gown and the four girl ushers were gowned in pink silk mill. The ushers were Miss Floy Scofield, sister of the bride, Miss Wilma Hurd, Edgerton, cousin of the bride, Miss Elizabeth Hield, Oak Park, cousin of the groom and Miss Elsie Bryant, of Oak Park.

Dainty Luncheon
The ceremony and congratulations were followed by an elegant two course luncheon served in reception style. The serving table was very prettily decorated with white asters and festoons of white ribbon and smilax from the central chandelier to the corners of the table. Mrs. Louise Bowerman was the caterer and under her supervision the luncheon was prettily served by Misses Ethel Bates, Anna De Forest, Belle MacGregor, Alice Harper, Jean Powell, Harriet Decker, Maud Schnell and Genevieve Schnell.

Bride Is Popular
The bride is one of this city's most charming young women. She is a graduate of the Janesville High school in the class of '97 and later attended the University of Wisconsin, being a member of the Delta Delta Delta Sorority. In Madison, as well as in this city her happy disposition

and gracious manners won her a host of friends.

An Oak Park Physician
The groom is a prominent young physician of Oak Park and is popular socially. He is a genial young man and has high standing in his profession. He is a graduate of Rush Medical College and the Chicago Homeopathic college and last year finished his internship in the Chicago hospital. At present he holds a chair in the Homeopathic college and is a member of the medical staff of the Cook county hospital.

Dr. and Mrs. Nash will go to house-keeping in Oak Park where they will be at home on the first and third Thursdays in November.

Wedding Guests
Among the out of town guests at the wedding were Mr. and Mrs. O. W. Nash, parents of the groom; Mr. and Mrs. James H. Hield, Mr. and Mrs. E. B. Bennett, Misses Ethel Johnson, Elsie Bryant, Elizabeth Hield and Dorothy Hield, James Hield, Jr., Dr. D. F. Clark, Charles Robertson, Eugene Hield and Edward Marsh, Chicago; Mr. and Mrs. W. H. Nash, Boston, Mass.; Mr. and Mrs. Eugene C. Noyes, Minneapolis; Mrs. L. N. Bushor and two children, Pawnee, Oklahoma; Miss Anna Culler, Dubuque, Ia.; Mr. and Mrs. F. M. Jack, Madison; Mrs. A. J. Kelly and daughter and Mr. and Mrs. Chas. Berkenmeyer, Edgerton; Mr. and Mrs. J. R. Cole, Milton Junction.

LEAVE THIS MONTH FOR TOKIO, JAPAN

Farewell Reception Given Mr. and
Hibbard by Women's Missionary
Society.

Mr. and Mrs. C. V. Hibbard, who returned to this city yesterday from an extended wedding trip in the East, were honored guests at the Woman's Foreign Mission Circle of the Court Street M. E. church, held at the home of Mrs. S. D. Conant, 165 North High street yesterday afternoon, the meeting being largely in the nature of a farewell reception for them.

Mr. and Mrs. Hibbard are the guests of Mrs. Hibbard's parents, Mr. and Mrs. E. W. Lowell and will remain in this city until Monday evening when they will start for the West. Two weeks will be spent in visiting colleges and universities on the Pacific coast and both Mr. and Mrs. Hibbard will address the students on the missionary work which they expect to do. On the 29th of this month the young couple will sail from Seattle for Japan, where Mr. Hibbard will be general secretary of the Imperial University at Tokio.

Among the remembrances of Janesville will take with them to Japan is a set of silver forks which were presented to Mrs. Hibbard yesterday with the love of the Woman's Foreign Mission Circle of the Court Street M. E. church. The meeting was very largely attended, fully sixty ladies being present to bid the young missionaries God speed.

Officers Chosen
Preceding the program there was a brief business session at which the annual election of officers, in several instances, a re-election, was held. The officers chosen are Mrs. J. F. Poorman, president; Mrs. E. S. McChesney, first vice president; Miss Jennie Tilton, second vice president; Mrs. Mary Fisher, third vice president; Mrs. C. A. Hunt, recording secretary and committee on program; Mrs. E. W. Lowell, corresponding secretary; and Mrs. J. M. Bostwick, treasurer.

Splendid Program
Mrs. C. A. Hunt, who has held the office to which she was re-elected yesterday, for many years, had charge of the program which was certainly an inspired one. With the exception of quotations concerning the Philippines, an interesting mite box story read by Mrs. E. S. McChesney and a Mother Goose Missionary parody prettily recited by little Mary Curtis, the regular program was given up and the afternoon devoted to the reception.

Some Good Talks
Brief and interesting talks concerning the work of the young missionaries were given by Mrs. L. N. Waelder, a returned missionary from China who is visiting Rev. and Mrs. E. S. McChesney, Mr. and Mrs. Hibbard, Rev. E. S. McChesney and Rev. J. H. Tippet. The token of affection from the society was touchingly presented by Mrs. Hunt, and Mrs. Hibbard responded very prettily. The formal program closed with a prayer by Rev. Tippet and the singing of "God Be With You Till We Meet Again."

Refreshments Served
Choice refreshments were served by Mrs. Conant, who is always a gracious hostess, and an informal social hour brought the afternoon to a delightful close.

The Denver Express.

A singularly effective melodrama containing many novel features is promised in the coming production of Holden Bros. great sensational scenic play, Denver Express, which will be at the Myers Grand on Friday night. The train scene is most effective, the distant rumble and whistle, the increasing volume of sound as the train approaches rises to a clash and din that leaves the beholder to wonder how it is done as the engine dashes past with bell clanging, whistle shrieking and is gone as rapidly as a real forty mile an hour train. This however is only one of the strong sensational scenes of the play. The attack of the emigrant train by a band of Indians in the first act and the fight for life in the last are both features seldom seen in melodrama while the funny pranks of Tommy Tucker and the quaint doings of Old Hi Garvey and his wife, furnish a comedy element equal to the average farce comedy.

Kaiser's Cigars Not Used.

Berlin, Oct. 2.—Kaiser Wilhelm was amused to learn from his chief of staff that the cigars which he gave to soldiers during the recent army maneuvers were preserved by them as souvenirs and not one had been smoked.

RACE STREET CAN NOT BE USED

COUNCIL DECIDES AGAINST ST.
PAUL ROAD ON QUESTION.

ARE VERY EMPHATIC ABOUT IT

Meeting of the City Fathers Held Last
Evening Is One of Much
Interest.

Mayor Richardson presided at the session of the council last evening all of the aldermen being present but Alderman Gilkey, who was out of the city. The occupancy of a portion of Race street by the St. Paul road came up for an airing and although Mr. A. A. Jackson stated that the intention of the road was not to take possession of the street, for any other purpose than to allow them to build a wide platform from the end of the station to Jackson street, the aldermen from the First and some of the residents of that ward could not see it in that light and it ended in the passage of an ordinance ordering the road to remove its tracks entirely from Race street. The members of the council are not pleased with the way that the St. Paul road takes upon itself to put tracks in the streets without even asking permission, and feel that it is time to call a halt.

Session Opens
The session of the council opened with the reading of the minutes of the last six or eight meetings which took the best part of an hour, and they were adopted as read. Clerk Badger presented notices of personal injury from Nell Gillespie and H. C. Warner. They were referred to the judiciary committee who asked for more time.

An expression of gratitude to the council and city officers for their kindness to her at the death of her husband, the late John C. Spencer, was received from Mrs. H. M. Spencer and placed on file.

Committee Report
At the call for reports of standing committees, Alderman Hutchinson took occasion to remark, "that he noticed by the Gazette, that the life and water committee had purchased a horse at a large expense. It would be necessary for them to buy another horse in a short time."

The city clerk was ordered to prepare special assessment lists for the improvement of Court and South Jackson streets, which list was presented and accepted and ordered placed on the tax roll. The mayor and city clerk were instructed to issue \$600 special improvement bonds for work on South Jackson street.

To Widen Linden Avenue
A resolution that the council take certain lands belonging to Fayette S. Bump for the purpose of widening Linden avenue. As it will be necessary to appraise and condemn the land a jury will be summoned by Justice Earle for this purpose and the city clerk was instructed to publish the notice of the application for a jury in the official city paper. An order for \$50 in favor of Fisher & Gostreich, payable from the judgment fund was ordered drawn to settle for injuries received by Maggie McGrande on Washington street, April 8.

Salaries Placed
The salary of George Philipps as janitor of the city hall was placed at \$50 per month, to take effect from Sept. 1. Alderman McLean stated that some of the sheds on the south side of the city hall lot obstructed the alleyway and also interfered with the cement work around the lot. It was left with the building committee to make arrangements to secure the property. The question of securing sod and sodding the building lot was also left with the committee.

More Lights
An order locating an additional electric light in each ward was presented and passed.

The Railway Question
Alderman Lowell introduced a resolution, "that the Chicago, Milwaukee & St. Paul road be compelled to remove its tracks entirely from Race street and place the street in its original condition inside of ten days and that the city keep a man on the ground to see that the order was obeyed." Before the resolution was passed he said he would like to hear from Mr. A. A. Jackson, who represented the road.

Railroad's Side
Mr. Jackson stated that it was not the intention of the road to try to steal any part of Race street. The company planned to put down two brick platforms from their passenger station, one eighteen feet wide from the west end of the station to Academy street and one twelve feet wide from the east end to Jackson street. In order that the platform on the east end might be carried out full width to Jackson street and not be crossed by a side track it was necessary to move the track over a short distance onto Race street. If this was not done the end of the platform at Jackson street would be narrowed down to four feet. It was for the accommodation of the public and for convenience in driving up to the new station. The company would like to do away with the track entirely, but they had two industries, the Badger Coal company and Rudolph & Donahoe's warehouse on the track and they could get to them from no other direction. Mr. D. L. Bush, the assistant general superintendent of the road was in the city yesterday and looked the matter over. He stated that if the people objected to having the track moved that it should be replaced in its original position and the platform cut down to accommodate it. Mr. Jackson presented a map of the tracks showing its present position and the location of the platforms.

Questions Asked
Mayor Richardson asked Mr. Jackson if the tracks did not encroach on Race street before they were moved and if he understood Mr. Lowell's resolution to be that they should be moved entirely out of the street? Alderman Rice wanted to know if the railroad company did not know that the city had an ordinance against

any corporation tearing up the streets and putting in tracks without permission, and also that the road, after being granted permission to put a fifth track across Prospect avenue, stole a sixth track across.

W. F. Carle
The discussion of the question was taken up by several of the aldermen and finally W. F. Carle, who owns property fronting on Race street was called for. Mr. Carle stated that he thought the mayor and council able to look after the city's interests. The track under discussion was first put in to accommodate the Janesville street railway. The property owners on Race street were told that not over a carload of coal a day would be taken over the track. Now it is a regular side track with two industries on it, and if possible the railroad company would locate half a dozen on it and steal all of Race street. Their cry about platforms and accommodations was only a cloak.

Resolution Passed
Mr. Lowell's resolution was then taken up and passed. The city engineer was instructed to establish a sidewalk grade on Rock street from High to Park avenue. A brick crosswalk was ordered built on Mineral Point avenue on the West side of Madison street. The highway committee were also ordered to purchase two car loads of brick.

Alderman Lowell explained that a storm door was needed for the city hall and the building committee was instructed to order one.

MRS. A. E. TANBERG MADE PRESIDENT

The District Federation of Women's
Clubs Also Honors Mrs. A. C.
Jenkins with Office.

Janesville club women were honored by the district federation which was organized at the home of Mrs. E. D. McGowan, in this city, yesterday. The election of officers, held late in the afternoon, resulted in the choice of Mrs. A. E. Tanberg as president and Mrs. A. C. Jenkins as corresponding secretary.

Other Officers
The other officers elected are as follows: Mrs. V. H. Campbell, Evansville, first vice president; Mrs. C. A. Emerson, Beloit, second vice president; Mrs. J. N. Humphrey, Whitewater, recording secretary; Mrs. C. M. Smith, Racine, treasurer; Miss Towne, Edgerton, auditor.

Eligibility of Clubs
After a heated debate it was voted to permit any club in the district to join the district federation whether they are members of the state federation or not. Some of the delegates were opposed to this fearing that it might cause some clubs to withdraw from the state federation. Others felt that the new organization ought to be on the broadest possible lines and so organized as to be of the most benefit to the small clubs. It was also thought that if admitted to the district federation, these unfederated clubs might become interested in the state federation.

Annual Dues
Annual dues in the district federation were placed at three cents per capita for individual clubs and \$1 for city federations. It was voted to apply for membership in the state federation and to hold the annual district convention during the month of April.

Delegates Pleased
The visiting delegates were delighted with the manner in which they were entertained by the Janesville club women and yesterday's meeting was a pleasant success socially as well as from the business standpoint of the club woman.

LIST OF LETTERS

JANESVILLE, WIS.
WE KEEP THE QUALITY UP

Winter Cloaks...

Already we have sold many winter garments. There is always a certain number of people who buy early on account of going away for the winter, others buy to secure some particular garment that just suits.

Remarkable Values--

We have been figuring with cloak makers of New York, Cleveland, Philadelphia, St. Louis and the results of intelligent buying can be seen in our cloak department. The latest styles are represented in our stock. The aristocrat of fads is the Monte Carlo. We have them in many styles of trimming and several lengths.

Monte Carlos, 27 inch, with and without capes; some have inverted plait backs, others straight or ripple. Also 42 inch Monte Carlos, inverted and ripple backs, light backs with fur collars, stitched ripple back effects with flounce around bottom. Full length Ulsters and Raglans, Velour Jackets and Blouses. 27 inch Coats, slot seams, light backs, tucked light backs, yoke effects with capes, braid trimmed, etc. For Fall wear we have beautiful long Silk Coats and Jacket styles.

Misses and Children have been carefully looked after. Never had such a large assortment of good things. At \$5.50, sizes 4 to 12 heavy Kersey long Cloaks, medium loose back, colors red, blue, brown, extra good for \$5.50. Monte Carlos for misses, 27 inch \$5.50 to \$30. Large size misses' garments often fit small ladies perfectly when a regular 32 size is too large. All colors in misses' and children's garments; red, tan, castor, blue, green, oxford, black. Don't think of buying a winter garment before seeing our great stock. New things constantly arriving.

Furs...

It's time to begin to think about Furs. We are now showing a complete stock of the correct things in Furs. All the leading skins are represented. Large variety of Scarfs and Storm Collars, Capes, Jackets, Boas, Muffs, and sets for Misses and children. Lovely genuine Marten Scarfs with six tails selected Fur. beautiful Scarfs at \$6.00. A large assortment under \$10.00. Rich Jackets and Capes in Beaver, near Seal, Mink, Marten, at prices that mean a big saving, over large city figures for reliable Furs. We are ready if you are. Why not call and look at our Furs, costs nothing to look you know.

Velveteen--

We have all colors in a close pile Velveteen, 22 inch, at 60c, much used for Waists. Samples sent.

Something to brace up your energies and give them new life on a hot day is a cool glass

Buobs Beer.

Packages delivered free to all parts of the city.

TOBACCO CROP BEING PICKED

HALF THE YIELD IS BEING CONTRACTED FOR.

BUYERS ARE BUSY THESE DAYS

Reports from All Sections Show the Crop To Be in the Best of Condition.

The 1902 crop is being picked up rapidly and at present it is estimated that at least one half the crop has been contracted for. The price paid for a majority of the crop purchased so far, is in the neighborhood of eight cents. Some of the dealers that were early in the field paid a higher price for the goods but the majority of the buyers held off until they could buy the crop at a figure at which they could handle it at a profit.

The large operators can use a majority of the crop and have numerous buyers scattered over the growing districts, picking up all crops that suit them and that can be bought at their figures. The American Cigar company have an outlet for a large portion of the present crop and other large packers of Wisconsin, are getting into the field and buying liberally, so the outlook is that almost the entire crop will be bought early.

Sales Made
The sales during the last two weeks will aggregate several thousand acres and the prices paid were all in the neighborhood of eight cents. The Wisconsin Tobacco Reporter of September 26, gives quite an extended list of sales reported to them. They are: Hans Iverson, 18a at 8 1/2 & 2c; Johnson & Gorder, 15a at 8 & 2c; J. M. Jacobson, 12a at 8c; Erick Verum, 11 1/2a at 8 1/2 & 2c; James Craig, 8a at 8 1/2 & 2c; Gus Carlson, 7a at 8 1/2 & 2c; Chas. Green, 7a at 8 1/2 & 2c; Otto Olson, 8a at 8 & 2c; Fred Matheson, 6a at 8 & 2c; J. K. Hamre, 8a at 8 & 2c; Geo. Bunting, 8a at 8 & 2c; Isaac Bunting, 4a at 7 1/2 & 2c; Thos. Marsden, 5a at 8 1/2 & 2c; Olaf Sunne, 6a at 7 1/2 & 2c; Martin Notestad, 7a at 8 1/2 & 2c; Julius Johnson, 8a at 7 & 2c; Ole Rolfsen, 8a at 8 & 2c; And. Wilberg, 10a at 8 & 2c; Wm. Flaherty, 8a at 8 & 2c; Geo. Haylock, Jr., 12a at 8 & 2c; Amund Hanson, 10a at 8 & 2c; H. Houfe, 7a at 8 & 2c; Geo. M. Kelly, 8a at 8c; M. Bradley, 10a at 8 & 2c; Chas. Williams, 5a at 8 1/2 & 2c; Will Davis, 6 1/2a at 7 1/2 & 2c; Robt. Reamer, 6a at 7 & 2c; Fred Honeysett, 4a at 7 1/2 & 1c; A. J. Snyder, 4a at 7 & 2c; Otto Albriet, 4a at 7 1/2 & 2c; F. W. Fuller, 6a at 7 & 2c; John Snyder, 8a at 7 1/2 & 2c; Walter Honeysett, 2a at 7 & 2c; Julius Alf, 4a at 7 1/2 & 1c; Otto Hollo, 6a at 7 & 2c; Thos. Anderson, 6a at 8 & 2c; Holden Bye, 8a at 8c; O. J. Balge, 7a at 8 1/2 & 2c; Jokum Johnson, 9a at 8 1/2 & 2c; G. J. Hamre, 5a at 8 & 2c; M. Olson, 2a at 8 & 2c; L. Tontun, 4a at 8 & 2c.

Examine Crop
The damp weather of the past week has given the buyers a chance to examine the crop in the sheds, as most of the early harvested crop is cured out with the exception of the stems. O. R. Pomeroy, in an article to the Madison Journal, gives the growers some good advice in regard to opening their sheds during the damp weather. He states:

"During a ride from Madison to Edgerton I saw many sheds open and the tobacco apparently absorbing the moisture with which the air was heavily laden. Increasing instead of lessening the danger from pole rot. At my home I found that my hired man had, during my absence, built some fires in the sheds and thereby prevented the tobacco from becoming too damp, and upon examination I found it in prime condition and not showing any signs of damage whatever. Every grower who finds his tobacco getting in too high case cannot employ his time to better advantage than by devoting a little of it to building fires, being careful to use dry wood only and thus avoid smoking instead of drying his crop."

"A word of caution—don't overdo the matter, as you all well know that tobacco should come in case, and the oftener it comes in case and particularly dries out the better quality it will be and the quicker it will be ready for stripping."

In the general New York leaf market trading during the past week has been quite satisfactory to the market. Although no big transactions were effected, sales were going on and in every type of leaf. Everything goes light, dark, sound and damaged leaf; for manufacturers are beginning to realize that the market is not stocked enough to supply their increased demands, with choice and select parcels for the entire year, so everything is being taken at a price to do service from hand to mouth. In consequence, about 2,000 boxes went into consumption in small lots.

Sumatra
Sumatra is moving along in quicker pace than it has done for years. There is not only the need for it, but the yielding capacity of the leaf offered, as well as the price, seems to be an extra inducement to use it again in increased quantities. About 300 bales changed hands.

And the Havana market is not slow either. Of course factory Vegans have a steady call and demand still prices. Good wrappers have also a free sale and ready takers, though the prices are being kicked against. As for Remedios, they are not altogether the neglected quantity some are complaining of. Good clean Remedios are in demand and bring fair prices, while the trash is being taken to ease conscience.

New York
Everybody is hustling to get his tobacco into his barns in order to avoid the frosts which have already appeared and caused some damage. It is a fact that much of the leaf now being cut would be better for a little more ripening, but few farmers feel that they can afford to take the chances of losing their entire crop by frost, and while acknowledging probability of their immature leaf to turn

out unsatisfactorily, they consider such a result as only a probability, while they regard the destruction by frost as a certainty. So great is the rush to house the tobacco that there is no time for other business, and sales are consequently conspicuous by their absence. But there are plenty of buyers in the field, and they are spending their time in noting the most desirable crops, which doubtless they will be ready to contract as soon as the farmers can find time to deliver.

Connecticut Valley
The past week has been a busy one with farmers who have worked like beavers to get their tobacco under cover, for the frost king has made his appearance, and growers have not waited for a second visitation, which will be probably heavier than the first, which was very light and not at all general. As it is to be expected, growers report that the earlier harvested leaf has cured perfectly without the slightest indication of pole sweat, but this claim is confined to leaf harvested last month. It is said that the leaf is curling a fine light color, and the report that dark colors will be in demand has caused considerable dismay. But the rumor does not seem to be verified, for there has been a scramble of no mean proportions for all kinds of leaf, for which prominent firms have not hesitated to pay from 23 to 25 cents through. It seems, therefore, that the biggest buyers have an idea that the tobacco crops cannot have gone through the cold, wet weather, the fierce hailstorms and the early frosts without considerable curtailment in yield, and are acting on the principle that the early bird will get the worm, which they evidently believe is not big enough to go round.

Damage To Crop
On account of so much damage being reported in the 1901 Connecticut, L. Sylvester & Son, of New York, have had Mr. R. W. Watson, a sampler for F. C. Linde, Hamilton & Co. of New York, come to Janesville and is now engaged in sampling the packings of Connecticut, put up for them by H. S. McGiffin. He has already sampled a large portion and has found it in first class shape and without blemish. Mr. McGiffin is much pleased with the showing, as it is much better than most of the Connecticut packings at home. A number of dealers have finished sampling their 1901 packings of Wisconsin, and are much pleased with the goods. Almost without exception the tobacco has gone through the sweat in first class condition and shows only little signs of damage.

New Warehouse
Janesville will soon have an addition to its numerous warehouses, that will materially increase the capacity of the business here.

Capt. Campbell, acting for J. Friedman & Co., of Chicago, has purchased the Sullivan and Griffin property on Gold street adjoining the Chicago, Milwaukee & St. Paul railroad and will at once erect a warehouse which will be about 170 or 180 by 60 or 70. The building will be built on the same plan as the Soverhill warehouse, which is practically a large one story building with the sorting and packing rooms on the main floor. It makes a very convenient warehouse, where the different packings are placed in tiers, making it easy to get at any particular packing without the trouble of passing it up or down through second stories of a building. The warehouse will be started at once and be in shape to handle this year's crop.

Restores vim, vigor, mental and physical power. Fills your body with warm, tingling life. That's what Rocky Mountain Tea does. 35c. Smith's Pharmacy.

REPUBLICAN CONVENTION.

Second Assembly District.

Notice is hereby given that a convention for the Second Assembly district of Rock county, Wisconsin, will be held at the circuit court room in the court house, in the city of Janesville, Rock county, Wisconsin, on the 7th day of October, 1902, at 2 o'clock p. m., for the purpose of placing in nomination a candidate for the assembly to represent said district to be voted for in the general election in November next, and for such other and further business as may properly come before the convention.

THE COTTON INDUSTRY.

O. P. Austin, chief of the Bureau of Statistics of the Treasury Department, delivered an address in New York last evening, before the New England Cotton Manufacturers' Association, which was full of valuable information.

Mr. Austin claimed that the mills of the United States, while now supplying 90 per cent of all the cotton goods used in the home market, is in position to reach out for a larger share of foreign trade. While our exports have increased from 14 million yards in 1875, to 504 million yards in 1902, the increase has not been in proportion to our exports of raw cotton of which the United States produces three fourths of the world's supply.

Up to this time the great cotton markets of the world have been chiefly supplied by manufacturers located in the countries which produce no raw cotton and which draw their raw cotton from the United States. The value of the cotton goods imported by those countries having statistical records amounts to nearly 600 million dollars annually, and of this the United States supplies at present but about 30 millions per annum, or less than 5 per cent, nearly all of the remainder being supplied by countries which do not produce cotton and which draw practically all of their raw cotton from the United States. The fact that the U. S. produces three fourths of the raw cotton of the world and has so developed the art of manufacture that its manufacturers are able to fully supply the enormous home market and to begin supplying their surplus to other parts of the world suggests, in Mr. Austin's opinion that such a country should be able to make for itself a permanent position among those supplying the world's growing demand for manufactured cotton goods. The annual importations of cotton goods, considering the world by great divisions, are: Asia, 220 million dollars; Europe, 172 millions; North America, 69 millions; South America, 48 millions; Africa, 42 millions; Oceania, 22 millions; and to this must be added probably 50 millions for those countries having no statistical record of their importations. Considering the importations by countries, the most important importers are India, with annual imports to the value of 107 million dollars and China, 73 millions. At the present time this market for over 600 million dollars' worth of cotton manufactures is chiefly supplied by Europe, which exported 544 million dollars' worth of cotton manufactures in 1901; Asia, 49 millions, and North America, 31 millions. Of this total exports of cotton manufactures, no less than 359 million dollars' worth was exported by the United Kingdom alone; 59 millions by Germany, 36 millions by France, 35 millions by India, and 32 millions by the United States. Of the 400 million dollars' worth of cotton cloth exported, 365 million dollars' worth was sent from Europe, which produces no cotton, and but 26 million dollars' worth from the United States, which produces three fourths of the world's cotton; while of the 127 million dollars' worth of miscellaneous cotton manufactures exported, 120 million dollars' worth of was from Europe, and about 6 millions from the United States. Of the 100 million dollars' worth of yarns exported, the value of 58 millions was from Europe, 30 millions from India, and none from the United States. Thus of the 625 million dollars' worth of exports of cotton manufactures entering into international commerce last year, the value of 544 millions was from Europe, which imports all of the cotton which it utilizes, and only 31 millions from the country which produces three-fourths of the world's cotton—the United States.

The suggestion that the United States may henceforward obtain a larger share in supplying the cotton manufactures imported by the world is strengthened by the evident fact that the industry of cotton manufacturing is gradually moving to-

ward the cotton-producing countries, and that the United States, the world's greatest producer of cotton, is outrunning the European countries in their manufacture of cotton goods. In 1890 the United Kingdom manufactured 3,227,000 bales of cotton and the U. S., 2,189,000 bales, or about 66 per cent of the number manufactured by the United Kingdom. In 1901, however, the United Kingdom manufactured 3,269,000 bales and the U. S., 3,435,000 bales. In 1890 the number of spindles in operation in the U. S. was only about one-third of the number of the United Kingdom, now it is 43 per cent. of the number in the United Kingdom. In 1890 the quantity of cotton manufactured on the continent of Europe exceeded that in the U. S. by 56 per cent, now it exceeds our manufacture by only 33 per cent. From 1890 to 1901 the consumption of cotton in the United Kingdom and the continent of Europe has increased but 18 per cent; that of the U. S., 57 per cent, and that of India, also a cotton-producing country, 66 per cent. These facts, in Mr. Austin's opinion, indicated that the trend of the cotton manufacturing industry is now toward the cotton-producing countries, and this fact added to the other conditions already named, seems to justify the opinion that the United States may now successfully enter the field of supplying the cotton manufactures required by other countries.

FOR THE ASSEMBLY.

The republican candidate for the assembly is Charles L. Valentine, and he will be nominated at the convention to be held next Tuesday, without opposition. Mr. Valentine is a life long republican, and his loyalty has never been questioned. The honor which comes to him is conferred by the republican party because of confidence inspired in his ability and disposition to faithfully represent his constituency.

He has always been a pronounced Spooner man, and after exhausting every effort at the convention last summer, to have the senator unconditionally endorsed, he left in disgust, feeling that a great mistake had been made by the convention.

He is free to say that he would not accept a nomination at the hands of a convention that was not in sympathy with an unqualified endorsement, and he expects to stand on that kind of a platform. He represents Rock county republicanism in this respect, and his candidacy would not be considered under other conditions.

Mr. Valentine says that Senator Quarles expresses his position on a primary law, which in substance is, that an experiment be tried in some locality before the state is committed to the reform, and then let the people decide as to its adoption. This does not mean the Stevens bill. He understands very thoroughly that the united support of the republican constituency of the Second Assembly district is necessary to elect him, and he is familiar with the prevailing sentiment of that constituency. He proposes to represent this sentiment in the legislature, and it is safe to say that he will do it.

Mr. Valentine deprecates, as does every republican, the bitter factional strife that prevails in the ranks of the republican party. He believes, with sober thinking members of the party, that nothing is to be gained by turning the state over to democratic rule, and that party disagreements can only be settled by wise and conservative party council. He is confident that this can be done and in working to this end his efforts are entitled to every encouragement. He will be the representative of one of the best districts in the state, and his course in the legislature will be watched with interest by a constituency that will give him loyal support.

PRESIDENT TAKES A HAND.

It is gratifying to know that the president and his advisers have decided to take a hand in the coal strike, which is becoming more and more a menace to the country every day. While it is to be sincerely hoped that the advice and friendly offices of the administration will prove effective, the public is so outraged over conditions that drastic measures will be heartily approved, if found necessary.

Railroad mergers and combines are receiving much attention at the hands of the chief magistrate, and the sentiment expressed in his public utterances on those questions is generally approved. These mergers affect a limited class, while the coal question affects all classes.

If it is not a monopoly, it has all the symptoms, and the people are suffering from an epidemic of gloomy anticipation, on the verge of winter. In many places the scarcity of coal already amounts to hardship, with no relief in sight.

While the people are law respecting and law abiding, and there is no disposition to confiscate property without returning value received, yet there is a growing disposition to interfere in some way with a business policy which refuses to recognize public rights.

If water was a merchantable article, controlled by people who refused to furnish it, the rights of title would be speedily questioned. While anthracite coal is not as indispensable as water, the principles involved are similar, and the law making power which protects property rights, recognizes the fact that the people have rights that can not be ignored. The president will be sustained in his efforts to remedy an evil that is today a menace to the nation.

Michigan has whitewashed Russell A. Alger by sending him back to Washington as United States senator but the smell of canned beef and suffering sick soldiers' cries will always be associated with his name whether he is secretary of war or United States senator.

Mayor Rose has refused to draw his salary as mayor of Milwaukee while he is campaigning for the election of governor. How about some of the noted reform leaders who are doing some electioneering just now? Is the state paying them their salaries?

That famous tea tax that caused the American people to rise in indignant wrath and throw the tea into Boston harbor is nothing compared to the tax on coal which nothing is done about.

Is it not funny that when a politician gets ready to annihilate his political enemies he goes to West Baden or some kindred resort to train for the event, just the same as does a prize fighter?

Secretary Shaw has come to the front with the resources of the United States and placed them at the disposal of the common people to avert a panic. Shaw has the right idea at any rate.

Chicago school teachers want to be organized into a labor union. Well, perhaps it will be a good thing for some but it will be awful for the small boy if they feel their oats any more than they do now.

St. Paul young lady clerks have pledged themselves to marry none but union men, holding union cards, and all the young men are joining unions.

Last night a social democrat held sway on the Corn Exchange. He told all sorts of things that were interesting to listen to but appear hardly feasible to really enact into laws.

President Roosevelt has taken matters into hand as to that coal strike and he will be sure to make things hot for the whole bunch of operators who resent his interference.

Spain has placed the crown jewels in "lock." Now many of the glided youth have some sympathy for Alfonso and say he is a real good fellow.

That east approach to Milwaukee street bridge is to be bricked with a good pavement and the mud holes will be done away with.

Coal will soon be trying to reach the same ratio that Brother Bryan tried to make money, 16 dollars to one ton of coal.

Consul General Bragg has now been good for some time and perhaps the good old man has decided that silence is golden.

Is it not disgusting to hear James J. Corbett start training again with his mouth, for his talked of fight with Jim Jeffries?

Say but your "Uncle Ike" ought to know the value of gold bricks by this time.

Soft coal eye should be the next freak disease to be reported.

PRESS COMMENT.

New York Telegraph: Martini is said to be second only to Mascagni. It remains to be seen how he will go down in Manhattan.

Atlanta Constitution: When coal gets 16 dollars to 1 ton there will be renewal of kicking in the east over divine ratio as interpreted by President Baer.

MISCELLANEOUS.

ATTENTION, PENSIONERS! I will be at my office, No. 25 West Milwaukee St., Saturday morning, early in the week, from 9 a. m. to 5 p. m. Can be consulted at 323 S. Main street.

BOLD BURGLARS GO TO STATE'S PRISON**JUDGE FIFE SENTENCES THEM FOR TWO YEARS.****ROBBED A STORE IN BELOIT****Incorrigible Youth Is Given a Two Weeks' Trial to Reform.**

Arthur Eaton and James Martin, two crooks from Beloit, will spend the next two years and two and one-half years respectively in Waupun for burglary.

On the night of September 26 the two men entered Reitter and Weirick's store, by a rear window and stole a number of hats and four fur coats. A clerk employed by the firm discovered the men in the store and skipped out and found an officer. The store opens in the rear on a blind alley. The clerk waited until the officer had reached the alley then started to go in the front door. The men got out of the store into the alley and when they saw that they were caught pretended that they were drunk. The hats were found in possession of the thieves and the fur coats were found hidden under a neighboring building.

Had An Examination

They had an examination before Justice Booth of Beloit on September 27 and were held for trial before Judge Fife. Both plead guilty to the information filed against them this morning by District Attorney Jackson. Judge Fife sentenced Eaton to two years imprisonment in Waupun and Martin to two and a half years. The two men are tramps that drifted into Beloit during the carnival.

Wants Another Chance

The case of Walter Hallett, arrested for being incorrigible, was called at 10 o'clock this morning. His mother asked the court to give him another chance and she would try and see if he would go to school and stay at home nights. The boy promised to do this and the case was held open for two weeks. Judge Fife and Chief Hogan will keep tabs on the boy for the next two weeks to see if he does as he agreed. If he does not he will be sent to Waukesha.

TRIES TO END LIFE WITH RAZOR**Aged Adam Apfel Tires of Life, and Tries to Commit Suicide.**

It is reported that Adam Apfel, residing at 406 South Franklin street attempted to commit suicide about 5:30 Tuesday morning by cutting his throat and slashing his wrists with a razor.

His condition was discovered by his family and a physician summoned in time to save his life. The cuts which were dangerous are not necessarily fatal, the cuts on his throat not hitting the jugular vein. He is still in very bad shape, but the doctor expects to bring him through all right.

Mr. Apfel is over eighty years of age and has not been in good health for some time, and this is thought to have led him to try and end his life.

NEWS OF THE CITY IN BRIEF.

Delays Cars: Yesterday afternoon the force at the street railway power house gave out and for a short time all of the cars were stalled where they stood on the tracks. The fault was quickly remedied and the line resumed operations.

Not Well Attended: Time has left no beneficial traces on "The Tide of Life." On the contrary the presentation this season, as given last evening at the Grand, is ragged and uninteresting. Fortunately only a small house was forced to endure the performance.

Have Much Oil: Mr. M. C. French, manager of the Badger Gas & Oil company in which several business men of Janesville and state officials are interested was in the city this morning talking over the plans of the company with the stockholders. Mr. French stated that the property located in the Blue Lick country of Kentucky is literally surrounded by wells and that a million dollar pipe line is to be built this winter connecting it with the east.

Cochens May Come: Henry Cochens, of Milwaukee, who was to have spoken here yesterday at the race meet but failed to come is expected to be in the city next week to open the republican campaign here. Mr. Cochens is a graduate of the university and his subject will be a severe arraignment of Mayor Rose of Milwaukee.

Missionary Meeting: The regular monthly meeting of the Woman's Foreign Missionary society of the First M. E. church will be held on Friday, Oct. 3, at three o'clock in the church parlors. Leaders of the afternoon: Mrs. Roof and Mrs. Williams. Come and bring a missionary item with you.

October Strawberries: A. M. Church of the town of Janesville brought a bunch of strawberries, both green and ripe ones and a few blossoms, into the city this morning. They were grown on his property and Mr. Church says that if the frost will only keep off he could have as large a crop again as he had last summer. In fact he is now able to pick enough for his own table.

Elect Officers: The stockholders of the Big Horn Oil Company had a meeting last evening and elected the following officers: President, A. J. Hutton; vice president, R. M. Bostwick, Jr.; secretary, H. C. Buell; treasurer, W. O. Paul. The company is incorporated, the capital stock being given at \$50,000. They own about one hundred acres of land in Wyoming which is said to be all valuable oil bearing land. A number of people in the city are interested in the company.

FUTURE EVENTS

Neal Brown of Wausau speaks at Assembly hall this evening.

Degree of Honor card party at East Side Odd Fellows' hall this evening.

L. D. Stocking, Milwaukee, Wis., up-to-date sign painter, at work on Bicknell Hdw Co's building October 2nd and 3rd.

Judge Hanna, who will lecture on Christian Science, Saturday evening at the opera house, speaks from experience and not hearsay.

Nice warm underwear, good jackets and dresses for school girls, great bargains in work clothes for men. All at the Rummage sale at the Richter store on Milwaukee street.

The wedding of Miss Kate Doe, daughter of General and Mrs. Joseph B. Doe, to Byron Paine will take place Oct. 23, at the residence of the bride's parents, 610 Shepard avenue, Milwaukee.

D. N. Hatfield left this morning for a trip to St. Louis and will spend some days visiting his son, C. F. Hatfield, who is secretary of the World's Fair Fraternal Building association.

The association designs to build a structure at the World's Fair where all members of fraternal organizations throughout the country can receive entertainment while visiting the fair.

There is no excuse for so many people wearing glasses. If your eyes trouble you consult W. F. Hayes, the eye specialist with F. C. Cook & Co. Mr. Hayes is in his Janesville office every Saturday and Monday.

Our new neighbors down in Porto Rico evidently intend to be fully up to date in all things, as becomes American citizens. The Board of Insular Education recently sent an order for twenty-five Remington Typewriters, and it is learned that they have formally adopted this machine for use in the public schools of the island.

Don't think for a minute that bread is bread. Grubb's home made potato bread don't taste like that.

SUDDEN DEATH OF THOMAS KING**HE WAS TAKEN ILL WHILE GATH-ERING WALNUTS.****WASA PIONEER RAILROAD MAN****Served the Chicago & Northwestern Railway Company Faithfully for Many Years.**

Suddenly and almost without warning, death came to Thomas King at his home, 103 Locust street, last evening at 9:10 o'clock. Although he had complained of not feeling well he had worked around the yard all day and was up in a walnut tree when the fatal illness seized him shortly after four o'clock. He managed to get to the ground and into the house without assistance.

When Mr. King lay down on the couch he was unable to tell his wife what was the matter but she realized that he was seriously ill and telephoned for her sons and a physician. Mr. King was beyond mortal aid, however, and he lay in an unconscious condition until the end came two hours later.

Mr. King had never been in good health since he injured his spine and was badly scalded in a railroad accident at Beloit, ten years ago. Later he had suffered considerably from shortness of breath, but members of the family little realized that his life was drawing to a close so rapidly.

Mr. King was seventy-three years of age, having been born in Suffolk county, England, June 7, 1829. He came to this country in 1851 and to Janesville in 1859 and during the forty years of his residence in this city he has won the confidence and esteem of a host of friends.

In point of years of service he was one of the oldest locomotive engineers in the employ of the Chicago & Northwestern company when he was retired last November on a pension. He began railroading as a fireman in England eight years before he came to America and in this country he served on the Chicago & Galena, Michigan Central, Chicago, Burlington & Quincy and Chicago & Northwestern roads. He entered the employ of the latter company in 1859 and was one of the highly esteemed employees. His record was an unusual one, no passenger having ever been injured on one of his trains.

Mr. King was united in marriage to Miss Sarah J. Ellis, Sept. 27, 1846 and the couple observed their forty-sixth wedding anniversary last Saturday. His devoted wife and six children survive him, this being the first time that death has entered the family circle. These who mourn for their father are Mrs. R. W. McLean, of Chihuahua, Mexico; Mrs. Charles E. Watson, Ravenswood, Ill.; Mrs. A. R. Talmadge, George E. King and H. Ross King, of this city, and Will T. King of Peoria, Ill. Mr. and Mrs. Charles Watson arrived in the city last night and Will King reached home this morning. Mrs. McLean will be unable to be here for the funeral.

The funeral services will be held from the home tomorrow afternoon at 2:30 o'clock, Rev. Robert C. Denison officiating. The pall bearers will include three railroad men and three neighbors.

WILL EXPOUND UPON DEMOCRACY

Neal Brown of Wausau to Discuss National Politics at Assembly Hall Tonight.

In place of speaking in the open air at the fair grounds this afternoon the democratic county committee decided to have the Hon. Neal Brown speak at Assembly hall this evening at eight. The change was made owing to the inclement weather and the fear that many persons would otherwise attend such a meeting could not be present during the day.

Mr. Brown is from Wausau and is prominent in the councils of democracy. He was much talked of for the nomination for governor on the democratic ticket but was defeated by Mayor Rose, the nominee. His speech tonight is the first one delivered in this campaign and he will take up the republican party as a whole and as a state organization.

What He Will Say

Mr. Brown will speak on the tariff question, he will say that it never can be settled until it is settled right so long as it enables a few men to receive more than their share of the immense resources which nature has endowed us. The republican party never can settle it right. He will also say that every time the party has tried to reduce duties the protected interests have succeeded in wringing from the party higher rates of duty notably in the tariff laws of '93, 1890 and 1897. Tens of thousands of republicans would like to see a just reform of the tariff but have little hope that their party will accomplish anything. The republican party has created by its tariff laws, a power greater than itself. Mr. Brown will discuss the panic of 1873, the panic of 1893, the failure of the republicans to enact reciprocity treaty etc.

State Issues

He will devote the main part of his address to state issues and give the real history of Governor La Follette's manipulation of the game wardens, and will demonstrate that Governor La Follette himself and no other is responsible for the failure to pass laws at the last session of the legislature increasing railroad taxes.

La Follette Arraigned

Mr. Brown will discuss other historical facts in the career of the governor of Wisconsin to show that he is insincere and not to be trusted with high office. It is not Mr. Brown's intention to indulge in mere personalities, but to confine himself to matters of public concern and importance.

E. G. Brown of Calumet, Mich. was in the city today as the guest of A. F. Hall. Mr. Brown will accompany the G. A. R. excursion to Washington.

In this evening's issue of the Gazette appears an interesting announcement made by the well-known C. H. Spencer shoe firm on the bridge. During the entire month of October the shoes in the Spencer stock will receive a deep cut in price and no pair will be reserved. The line includes the famous Hanan shoes for men as well as the well-known Foster shoes for women. Prices of special interest will appear in the announcement on page 8. The stock throughout is new this fall and is in every sense of the word strictly up-to-date.

Milwaukee News: With so much of soft coal smoke and soot in the air, it looks rather dark for the republican party.

RAISE MADE IN THE TOLL RATES**THE WISCONSIN TELEPHONE CO. INCREASES COST OF TALKING.****CHANGE TIME TO CONVERSE****It Will Really Mean Smaller Cost, When Long Distances Are Being Used.**

Beginning with the first of the month a revised long distance toll rate went into effect on the Wisconsin Telephone company's lines in this city as well as elsewhere. By the change an adjustment of the tariff has been brought about which not only is more profitable to the company, but in most cases actually means a reduced rate to the patron of the line.

Shortens Conversations

Under the revised tariff there will be a tendency for those who have formerly talked for three minutes to compress their conversation into the space of two minutes and sometimes one, according to the length of the initial period. But in many instances it will be possible to talk as long as formerly at a reduced rate. A few examples will clearly reveal the actual effect of the readjustment.

Formerly the toll to Eau Claire from this city was \$1.25 for three minutes. Now it is 95 cents for two minutes. To La Crosse the old tariff was \$1.00 for three minutes, while now it is 65 cents for two. Each additional minute will mean an additional charge of 30 cents, so that three minutes now will cost less than the same space of time formerly. To Tomah the charge was 85 cents for three minutes while now it is 60 cents for two, with 25 cents for each additional minute.

Shorter Rates Higher

On the shorter distances there is an increase in the toll. Now it costs fifteen cents to talk to Beloit for two minutes, with an additional charge of five cents for each additional minute, where it formerly cost ten cents for three minutes with three cents for each additional minute.

Probably the explanation of this increased rate on the shorter distances, giving in the case mentioned a doubled tariff on a three minute talk, is that the time required in getting the parties together, is often as great in the short distance as in the long. During this period for which no charge is made, the wires are bringing in no revenue, and that too, often at the busiest hours of the day.

NOMINATE COLER FOR GOVERNOR

DEVERY DEPRIVED OF A SEAT

Former Metropolitan Police Official and His Delegation Receive a Rebuke From the Convention—National ownership of Mines is Approved.

Saratoga, N. Y., Oct. 2.—Bird S. Coler of Kings County, former comptroller of the City of New York, was nominated for governor on the Democratic ticket. He received 442 votes, against 3 cast for Jacob Cantor, president of Manhattan borough.

The slate prepared by David B. Hill went through without opposition, except on the head of the ticket. Nathan Straus of Brooklyn protested against the nomination of Mr. Coler, and tried to read a speech from the platform, but was ruled out of order.

Straus is Assaulted.

When Mr. Straus left the platform a crowd gathered about him and one man grabbed the copy of the speech, which he was carrying in his hand. Another knocked his hat off. Two men in the crowd passed blows and Mr. Straus was hurried out through a side door. In his speech he declared that if Coler was nominated he would work to defeat him because the latter had tried to stop him from delivering free milk to the poor children of the tenements. Mr. Straus and two other delegates from his district voted for Cantor. All the other nominations were made by acclamation.

Devery is Ruled Out.

William S. Devery caused another scene in the convention. The committee on credentials recommended that neither the Goodwin nor the Devery delegation be seated. Then the storm broke. Devery rose to protest, and the convention was in an uproar. There was a lot of hissing, but the cheering for Devery was a perfect storm.

"Platform! Platform!" the crowd yelled.

Devery went to the stage at a dog trot. His face was white with anger. When he began to talk the noise stopped instantly. Everyone wanted to hear. Devery said:

Demands Justice.

"I call the attention of this convention to the Constitution of the United States, which guarantees to every man the right of franchise. The ninth district of the City of New York is about to be deprived of this right in this convention. We are about to be robbed by a clique in this convention. Mr. Hill is the leader of the New York Democracy, and we want justice. Mr. Hill, we appeal to you as the leader of the state Democracy to see that we get justice. We do not propose to come here as honest Democrats to be robbed and deprived of our rights."

After Devery had returned to his seat Chairman Stanchfield put the previous question on the report, and declared it carried. Then the uproar started afresh. The vote for the committee report was 442 to 21 against. When the result was announced Devery and his party left the hall quietly.

Nationalization of Mines.

The platform adopted declares for public ownership of the anthracite coal mines as follows:

"We advocate the national ownership and operation of the anthracite coal mines by the exercise of the right of eminent domain, with just compensation to owners. Ninety per cent of the anthracite coal deposits of the world being in the State of Pennsylvania, national ownership can but be in the interest of the whole people."

BISHOP ISSUES DIVORCE RULE

Will Insist on Strict Observance of the Church Code.

Davenport, Iowa, Oct. 2.—Bishop Theodore N. Morrison in a circular letter just issued to the clergy and laity of the Iowa Episcopal Church announces that hereafter he will not go behind the record of the courts in divorce cases. Divorced persons who have secured decrees on any other ground but infidelity are prohibited from marrying again. The practice of hearing testimony of infidelity at the request of the divorcee who has failed to plead statutory grounds is abolished.

Railway Appliance Trust.

New York, Oct. 2.—Efforts are being made to form a \$40,000,000 combination of manufacturers and sellers of patented railway supplies. The proposed company is to include the manufacturers of car roofs, springs, doors, brake shoes and beams.

Nominated for Congress.

35th New York.....W. H. Ryan (D.)
36th New York.....D. S. Alexander (R.)
1st Connecticut.....W. F. O'Neill (D.)

2d Rhode Island.....F. P. Owen (D.)

Lynching in Arkansas.

Pine Bluff, Ark., Oct. 2.—Walter Sullivan, a young negro, was lynched in Portland, Ashley county. Sullivan was charged with shooting D. J. Roddy, a white man, in the back.

Ibsen is Better.

Christiania, Oct. 2.—Henrik Ibsen, the author, has completely recovered from the influenza which attacked him some time ago.

New Ohio Road.

Columbus, O., Oct. 2.—The Pittsburgh, Lisbon & Western Railroad company has been incorporated by Congressman R. W. Taylor and others. They propose to operate a steam or electric line from Ashtabula harbor to Steubenville, Salem and Marion.

FINDS GIRL'S BODY IN A YARD

Discovery Leads to Arrest of Owner of Building.

Menominee, Mich., Oct. 2.—Lying in a doubled-up position, the head downward, the body of Julia, the 10-year-old adopted daughter of Inas Kachney, was found ten inches beneath the surface of the ground at the rear of the blacksmith shop of Joseph Beck. An examination by physicians disclosed unmistakable evidence of strangulation. Beck was arrested on suspicion, but denies guilt in the matter. The child is said to have stopped at the blacksmith shop on her way to church, and was never seen afterward. Beck declares that she left shortly afterward to go to church. Investigation of the premises resulted in the discovery of the body. Indignation runs high, and the prisoner is under a strong guard to prevent lynching, threats of which are heard on all sides.

LAW TO FORCE ARBITRATION

Ohio House Adopts Measure to Apply in Street Car Troubles.

Columbus, O., Oct. 2.—The Ohio house, by a vote of 66 to 22, adopted the Guerin amendment providing for compulsory arbitration of differences between street railway companies and their employees. The question whether the amendment should be made to apply to regranters of franchises, notably that of the Cincinnati Railway company, as well as new grants, caused a spirited debate. The house voted 51 to 31 to apply the amendment to all regranters. The Guerin amendment requires that provision shall be made hereafter in all franchises granted to street railway companies for arbitration in cases where a majority of the employees are directly concerned. Arbitration may be invoked by a petition of five or more employees to the company.

MAY REDUCE BRITISH TAXATION

Press of Tight Little Isle Jubilant Over the Prospect.

London, Oct. 2.—The newspapers congratulate Charles Thomson Ritchie, chancellor of the exchequer, upon the prospect of a reduction of taxation in 1903. Sir Michael Hicks-Beach, the former chancellor, in his last budget estimated that the revenue for the current year would show an increase of \$45,000,000. A treasury statement just issued shows that the revenue for the first half of the year has given an increase of \$36,500,000.

Takes Long Sleep.

Centralia, Ill., Oct. 2.—Miss Dora Meek, 17 years old, employed as a waitress here, completed seventy-two hours of continuous sleep. She had not been complaining before she laid down to take a nap. Physicians say her condition is entirely normal. Efforts to give her nourishment have failed.

GATES GATHERS IN MILLIONS

Cleaves From 30 to 50 Points on Louisville & Nashville Stock.

New York, Oct. 2.—John W. Gates, according to estimate of the street, cleaned up from six to ten million dollars clear profit by his L. & N. deal. He is credited with having obtained his shares at between par and 120. He turned them over to Morgan at 150. Thirty points on every share must certainly have been the least of his profit, but as he is known to have begun buying heavily at par, it is equally certain that he netted as much as fifty points on a large part of his holdings. The deal is considered as having been one of the most profitable and cleverly executed in the history of the street.

COACH AND FOUR CARRY MAILS

General Castleman Gets His Coveted Contract in Kentucky.

Louisville, Ky., Oct. 2.—General John B. Castleman of this city has been granted the contract for carrying the mail from Pleasant Hill to Burgin, Ky., twelve miles. Instead of the old mail wagon he will use a hand-some coach and four with outriders and footmen in livery, as well as a trumpeter. General Castleman is one of the prominent men of the South. He is a Confederate veteran and commanded a regiment in Porto Rico during the Spanish war.

Big Land Deal.

Sault Ste. Marie, Mich., Oct. 2.—The Detroit, Mackinaw and Marquette Railway Company has sold to the Cleveland Cliffs Company 1,000,000 acres of timber and agricultural lands in Chippewa, Marquette and Luce counties, Michigan. The consideration was \$5,000,000.

President Draper Returns.

Urbana, Ill., Oct. 2.—President Draper has returned to take up his work at the University of Illinois after an absence of six months due to the loss of a leg in a runaway. The president has been spending the summer in the Catskills and is much improved in health.

Gen. Miles Sails.

San Francisco, Cal., Oct. 2.—Lieut. Gen. Nelson A. Miles sailed for the Philippines on the transport Thomas, which will call at Honolulu and Guam. With Gen. Miles are Lieut. Col. M. P. Mann and Mrs. Mann; A. S. Flint, stenographer, and Julius Barteman, messenger.

Pinned to Earth by Pick.

Fort Worth, Texas, Oct. 2.—The wife of a Mexican miner at the Cannel coal mines, near Laredo, met a horrible death. While in the mines she carelessly got under a large pick in the hands of a miner, which was driven entirely through her body and pinned her to the earth.

CLUBS GATHER IN CONVENTION

VANDERBILT IS A DELEGATE

Cornellus, Jr., May Be Put Forward by the New York Representatives as a Candidate for President of the Organization.

Chicago, Oct. 2.—Delegates to the National Republican league convention began arriving in Chicago last night, among the early arrivals being Col. Richard Woods of South Dakota, Sidney B. Redding of Arkansas and Shirley E. Johnson of Kentucky, all active candidates for the presidency of the league. But as early as they were they found J. Hamilton Moore, the Pennsylvania candidate, already on the ground, with a working organization of Philadelphia, Pittsburg and Altoona hustlers.

The Pennsylvania party is giving Chicago a taste of politics as played in Mr. Quay's state. Fred Fleitz and John Kelley, president and secretary of the league of that state, have charge of Mr. Moore's campaign. They are maintaining headquarters, with music and refreshments, and keeping open house at the Auditorium hotel.

May Discuss Tariff.

The election of a president to succeed Isaac Miller Hamilton promises to be one of the most interesting features of the gathering, although there was some gossip that there may be a fight over the resolutions. It was reported that the Iowa delegation would attempt to have the tariff revision plank of the Iowa platform incorporated in the resolutions and adopted as the sentiment of the party throughout the whole country.

Then the question was raised as to whether the league, under the terms of its constitution, could take up special features of state platforms and act on them. It is a national body, recognized by the Republican national committee, and is not supposed to go beyond the principles enunciated in the national platform.

Indorsement for Roosevelt.

But the league can and will indorse the policies of the President and may, at his discretion, indorse the acts of a governor. By approving the administration of Governor Cummins the convention, it was suggested, could indirectly give its approval of the tariff revision policy of the Iowa Republicans.

There probably will be a resolution on the coal strike unless it appears in the meantime that President Roosevelt's move for a settlement of the troubles is certain of success at an early day.

The sessions began at 11 o'clock this morning in the First regiment armory, when Roy O. West made the address of welcome. The mass meeting to-night will be addressed by Senator Dooliver of Iowa, Congressman A. J. Hopkins and Martin B. Madden.

Nearly every state and at least one of the new possessions, Hawaii, is represented. Mr. Kelley of Pennsylvania has credentials from President Dole to act for the Pacific island. Mr. Totten is authority for the statement that New York may put Cornelius Vanderbilt, Jr., forward as its candidate for league president.

THIRTY INJURED AT CARNIVAL

Platform Collapses in Street, Causing General Panic.

Kenosha, Wis., Oct. 2.—The collapse of a large platform used in connection with the street carnival now in progress in this city resulted in sixty persons being thrown in a heap on a paved street, fully half of the number being injured. The platform was holding a crowd double its capacity, and its collapse had been predicted by people who stood about. The accident created a panic in the crowd, some one starting a cry that the ostrich which had been confined on the platform had escaped. The bird was secured by the keeper, who risked his life to prevent its escape.

Toy Trust.

Pawtucket, R. I., Oct. 2.—A proposed combine of forty concerns throughout the country engaged in the manufacture of toys, games and novelties is forming. The combination is to have a capitalization of \$7,000,000 to \$10,000,000.

D. L. Bush, assistant general superintendent of the St. Paul road, was in the city yesterday on business.

"WHIZ!!" WALK A MILE"

Is a laconic definition of a toboggan ride. It's quick work going down the slide, but it's a long climb back to the starting point. It is very much that way with health; it is quickly lost and slowly regained.

When the first symptoms of failing health appear, proper care may prevent the descent to utter weakness and debility. Usually the complication of disorders known as general debility has its origin in a diseased condition of the stomach and other organs of digestion and nutrition. These diseases are perfectly cured by the use of Dr. Pierce's Golden Medical Discovery. It cures through the stomach disorders which have their origin in a diseased condition of the stomach.

There is no alcohol in the "Discovery," neither opium, cocaine nor other narcotic.

"I was all run down; had no strength; had sharp darting pains all through me; head and back ached every day," writes Mrs. Frank Cassell of Salem, N. Y. "I was also troubled with a distressed feeling in the stomach and pain in front of the hip bones. I had a severe cough and it nearly killed me to draw a long breath. I was so sore through my lungs."

"I wrote to Dr. Pierce, telling my symptoms as near as I could. He sent me a very kind letter, advising me to try his medicine, which I did, and before I had taken them a week I was decidedly better. I took two bottles of the 'Golden Medical Discovery' and two of the 'Favorite Prescription,' and am sure I never felt better in my life than when I quit taking them."

Dr. Pierce's Pleasant Pellets are a cure for biliousness.

PRESS COMMENT.

Milwaukee Sentinel: Kaiser Wilhelm says the trolley car is an enemy of humanity. The Kaiser must have had a dispute over a transfer.

Boston Journal: We shall soon see whether the pen is mightier than the sword. De Wet and the other Boer generals are writing their recollections of the war.

Madison Journal: As soon as a man gets all the political honors he possibly can, then he grows grumpy and says a man is a fool for running for office.

Marquette Eagle: Rose adherents claim he makes votes by his good looks. Pahaw! What has Rose to show in comparison with the governor's pompadour?

La Crosse Chronicle: If "Long" Jones can get enough democratic votes he can get back into the state senate. And the kind that can be "got" will be got for him.

New York Tribune: America has never sent coal to New Castle, but New Castle has been recently shipping big cargoes to this country. The long strike in Pennsylvania has brought about strange conditions.

Chicago Record-Herald: Deacon Baer regards the coal strike as a personal affair in which the public has no right whatever to be interested.

Chicago Daily News: At first thought one is surprised that the coal mine owners should charge themselves with high freight rates, but as they make the people pay for it they do not care for expense.

Milwaukee Sentinel: Peary says he can discover the north pole, but it will cost \$200,000. This remark has been made in a tone calculated to reach Mr. Ziegler, but the gentleman's experiences with Explorer Baldwin appear to have made him very tired of being an ice angel.

Marquette Star: With no reporters but his own boosters on his special train it may be confidentially expected now that Candidate Rose's crowds will jump from the hundreds into the thousands.

Milwaukee Journal: Candidate Rose may thank his stars that Roosevelt is not coming. The president would have rounded up all the republicans for "the ticket," except possibly the officers of the eleven floor.

St. Louis Globe-Democrat: A woman writer claims to have discovered a new walk practiced by men. She calls it the "J. Pierpont Morgan walk." To do it properly you must think you are walking on the necks of your enemies.

Chicago Record-Herald: Kink Leopold of Belgium sends word that he will not while in America drink wine from the slipper of any chorus girl. That is an old habit, and he isn't coming here to do things that he has been doing in Paris for years.

Milwaukee Free Press: "The theories of La Follette, new and untried as they were, were alluring to unthinking men, to those who give but superficial attention to matters affecting politics," said Candidate Rose at Oconto. On this basis, Rose should have fallen in line long ago.

Eau Claire Leader: Northern Wisconsin will soon be independent of the outside world as far as fuel is concerned. Natural gas has been discovered in Gates county, and in Chippewa county they have come upon several square miles of peat bogs, which when cut and dried, is equal to the best turf produced in Ireland.

Fond du Lac Reporter: As a candidate for Speaker Henderson's place Mr. Babcock, of tariff revision fame, will have considerable opposition, as a Washington dispatch says that there are already twenty-two candidates in the field, and hundreds yet to hear from.

Boston Herald: With a female temperance reformer from Kansas telling a New England audience that our president is a "beer-drinking Dutchman," and a Chicago lawyer publicly called him "a brutal murderer," the people are beginning to wonder how much further free speech can go before somebody must be told to hold his or her tongue a wee bit.

Chicago Inter-Ocean: We are hearing from somewhere in South Africa that the Yoho woman and her male companion are awaiting the proper time for their marriage. This is one of the penalties that we pay for advancement in civilization. If there were no cables to South Africa we should not be hearing such things.

Chicago Chronicle: The members of an Indiana "shivaree" party are passing the beautiful autumn days picking rock salt from their respective anatomies, the same having been donated by the serenaded bridegroom who fortunately had a repeating shot gun in the house. The jolly serenaders will doubtless get most of the salt out, but enough will remain to keep them from getting too fresh again.

Green Bay Gazette: Congressman Babcock is being urged by his many friends in the state for the place of speaker, and already others are taking it up from various sections of the United States. When the proper time comes the Wisconsin delegation will probably take a hand in the matter and push his candidacy along. The people of the state would be pleased to see one of their sons thus honored.

Oshkosh Times: Governor La Follette is about to start his campaign and the dispatches say he returned to Madison "fit as a fiddle." It is fair to presume, however, that Mr. Kronsage has resigned the bow.

Chippewa Herald: The "fair-minded democrats" claim that in case they secure an election of an assemblyman in any district, the chosen one will vote for Spooner in case there is no chance to elect one of their own party. It's a dangerous proposition and should not be tested by their republicans. It's a scheme pure and simple to pull the wool over the eyes of a certain faction.

Oshkosh Northwestern: The Wauwata Record abuses the governor and questions his honesty on account of the assertions made by Messrs. Buckstaff and Stout regarding that Harvey deal. The "other side" of the story," told by Mr. Kronsage whose word was all that Mr. Buckstaff and Sen. Stout had to go on in the first place, is entirely ignored by The Record, which thereby reveals its prejudice.

Eau Claire Leader: The pine is getting pretty well used up in northern Wisconsin, but there is hemlock enough to keep the surviving mills running for several years to come. The wood of the Wisconsin hemlock is far superior to that of the eastern tree. It is suitable for use in all ordinary building work; it furnishes good paper pulp; it is sufficiently light and strong to make excellent woodware stock, and it is particularly valuable for indoor finishing. Its bark is much richer in tanning than that of the eastern tree. It is coming into use everywhere.

BRIEF BITS OF LOCAL NEWS.

Track Moved Back: The Chicago Milwaukee and St. Paul company put a force of men at work this morning and moved the side track along Race street back to its original position. The men are also engaged in refilling the cut dug to move the tracks.

Are League Meeting: A business meeting of the Janesville Art League will be held at the home of Mrs. W. H. Ashcraft, 161 North Jackson street tomorrow afternoon at 3 o'clock. A full attendance is desired.

Degree of Honor Meeting: Regular meeting of Laurel Lodge No. 2 Degree of Honor at East Side Odd Fellows' hall this evening.

Might Have Injured Many: One of the hold-back straps on F. E. Field's surrey broke yesterday afternoon while Miss Ethel Field and a party of young ladies on their way to the football game were going down Milwaukee street. The breaking of the strap let the surrey run onto the horse's heels and caused him to kick viciously several times and start to run. The young ladies got out of the way as fast as possible. Miss Field was thrown against a telephone pole at the west side of the bridge but was not seriously hurt. It was a lucky escape for all concerned.

A Birthday Party: A number of their friends of Louis F. Knipp gathered with him yesterday afternoon at his home on Mineral Point avenue and helped him to celebrate the anniversary of his birth. The afternoon and evening were pleasantly spent and all present will long remember Mr. Knipp's anniversary.

Encouragement for Marconi.
The Royal Academy of Lincei, at Rome, conferred an unusual distinction upon Signor Marconi, in awarding him, by unanimous vote, at its last meeting, a prize of the value of 10,000 lire. It was adjudged to him in token of the interest taken by the academy in the progress which wireless telegraphy has made and continues to make through Signor Marconi's work.

Do You Entertain?

If so, are you supplied with good coffee or tea? The success of a social gathering depends upon the refreshments. A delightful cup of coffee will go a great ways toward having your "at home" pronounced a grand success. Try our 25 cent coffee and be a hostess.
